

I would like to combine electronic packaging design with meat product packaging design.

I have narrow my work into packaging design. Above are my further research on packaging design in csm library. I was inspired by electronic packaging design since I feel those design let people feel lack of emotion, and best show the characteristic of mass production.

• The use of watermelon for electronic product packaging of

① Inhibit to just imitate the shape of electronic packaging. Based on the watermelon research, let's face it, it is necessary (to test electronic watermelon)

对创新的独特有哪些？

对创新的独特有哪些？

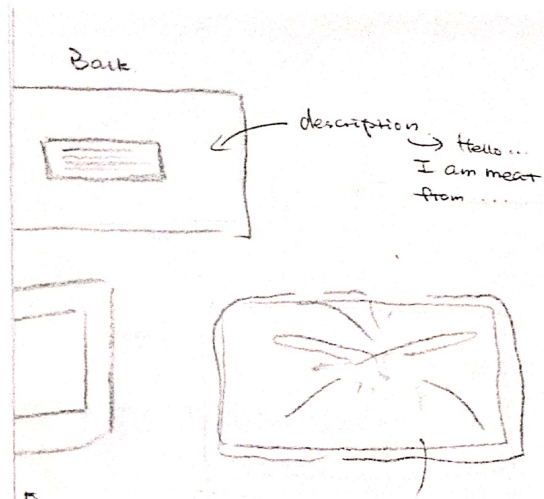

对于刚做的电子产品的包装盒来说，要加什么样的设计才能让电子产品的包装呢？下面来看看这个设计中具有的优势！

Epp材料在很多行业上的应用都基于它优越的性能，在泡沫塑料中，epp材料的性能都要高于其他类型的泡沫材料。目前 epp 材料在包装行业用的很多，各类包装应用，

如电器、食品、电子产品等，epp 电子产品包装优势有哪些？

further ideas development,
related to packaging.

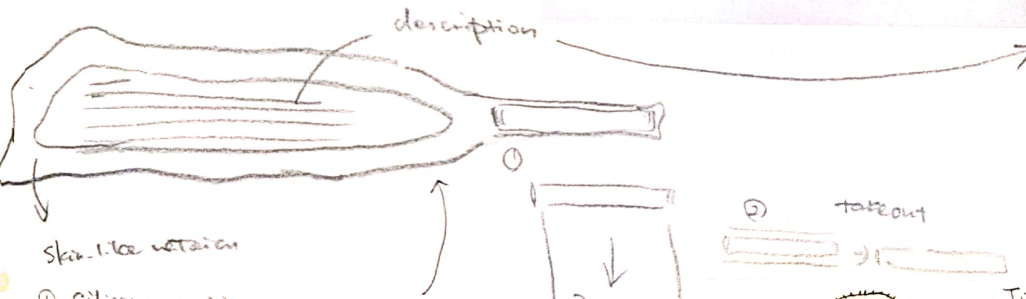

thinking about materials

Materials Thinking

- ① 肉色的毛线 (Meat-like yarn)
- ② Pink Butcher Paper

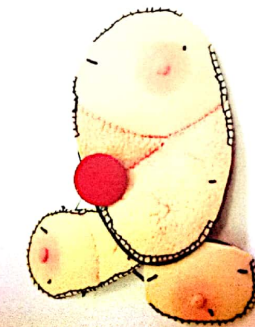

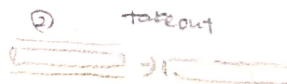

Hello! I am a finest sirloin Steak from Tesco. I weight 199g, and please eat me before March 12th. I cost 23.00 pounds per kg. For this pack, it only costs 4.58 pounds. Please keep it into refrigerator, or I will be not fresh enough to eat. If you want to buy me, you can scan the barcode above. Open the package, there is also a detailed process about how I being made. Thank you!

- ① silicone rubber

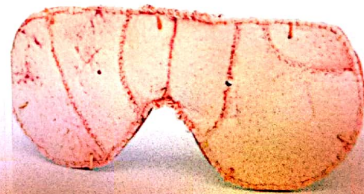

looks really like skin
